

Jamaica Chapter | ESRM Virtual Conference

16 and 18 November 2021 | 9:00 am – 12:00 pm ET

Description

The practice of Enterprise Security Risk Management (ESRM), a risk-focused process for managing security, continues to evolve as its advantages are more fully shared and recognized. The *ESRM Virtual Conference* will explore how the following components work in partnership to create a holistic approach to risk management. Over a 6-hour period, ASIS Jamaica Chapter members will have an opportunity to increase their overall awareness and advance ESRM within their organizations through the highlighted questions outlined within each session.
